Who are the P&C and what do they do?

The P&C Team is a group of dedicated parents who wish to be a positive force in helping the school to achieve its goals and maximum potential.

They work towards a strong network of open, friendly social communication between children, parents and staff with the overall emphasis being on the well being of our children and community.

Their involvement includes extensive year round fundraising opportunities where the funds go directly back into the school. They also organize various social activities for parents and families within the school community.

It is also their aim to be representatives of the parents and surrounding community as a whole, bringing those views, requests and feedback to the School Council for possible implementation or action.

The aims and objectives of the P&C Committee are:

- To contribute an active, constructive, positive force to the overall well-being of the school community.
- To work in cooperation with both the School Council and Principal where necessary. To also contribute to proposals on school policy and other educational issues via the school council.
- To be a ‘sounding board’ and possible point of contact for parents & children regarding the school.
- To work towards maintaining an overall shared, majority, positive parent view of the school.
- To provide opportunities for families to be well informed regarding the goings on of the P&C.
- To educate and encourage parents on the importance of participation in the community life and well-being of their school. By doing so, it not only ensures the school is moving towards it’s maximum potential but it also has an extremely positive impact on both themselves and their own child/ren.
- To raise funds for the benefit of the school as a whole.

You’re all Welcome!

The P&C holds regular meetings, at least monthly. Dates for those meetings can be found in the newsletter, on the website or via the previous months meeting minutes.

We always require and welcome devoted parents with the available time and willingness to hold volunteer positions on the committee. Those that hold positions are requested to be available for semi regular work and involvement for P&C events and meetings. As always, more hands means less work for each position holder so we really do need as many committed parents as possible.

We value these members immensely as they are our backbone. Without these crucial members nothing can happen!

However, aside from committee position holders we also encourage as many parents as possible to be members in order to stay informed of your child’s school community going’s on. As a member you will receive minutes of meetings and emails regarding the upcoming events of the P&C. We also request some help or involvement during our events from members at one point or another. The more parents involved, the greater our school becomes!

Membership, however, is not crucial for you to attend meetings. We welcome everyone with open arms to all meetings.

How to be a part of it.

To become a member and stay informed via emails and minutes please complete the registration form within this flyer and return it along with your current Working With Children Check Card to the office.

If you do not have a Working With Children Check card and need information on how to apply for one, please see Vikki in the office.

Alternatively, if you wish to put your hand up as a position holder please also fill out form and we will be in touch.

It’s only through parents involvement with the school community, that a school can prosper to its fullest potential.

What’s Important to Tyabb Railway Station Primary School

Tyabb Railway Station Primary School (TRSPS) holds a strong belief and emphasis on student well being. We foster a very strong school and community spirit. We always welcome input from parents and students alike. We excel in promoting their school values which include the ‘You Can Do It’ and ‘Kids Matter’ Programs.

The Tyabb Railway Station PS P&C is proud that our school is committed to maintaining, sustaining and constantly working towards improving our outstanding educational programs, facilities and resources for the benefit of our students and community as a whole.

Please join the Parents and Community Team so we can continue to support & enhance such a remarkable school.
